

Hello Fellow Toastmasters!

I am Lorenzo Narvaez, and it is an absolute pleasure to introduce myself to you.

I am currently the Area 42 Director and the VPE of World Renowned Grand Prairie Toastmasters. I originally became a member of Toastmasters in 2014 with Flagship Speakers. I have a background as an IT professional and project specialist.

My experience as an Area Director allowed me to visit many clubs and meet many wonderful people all with the same goal of improving public speaking and leadership skills. However, I also met numerous members that focused their efforts to help *others* develop those skills and that is my passion as well. There is no better feeling than when you see the light in someone's eyes shine when, they get it! It makes me smile.

With that in mind, my next goal is to take the next step to help other area directors and clubs reach their goals and provide the support and encouragement to the true mission of Toastmasters of providing a safe, supportive, and successful environment. I am a strategist and open to ways to improve processes and provide guidance to team members through continuous improvement. I am excited about the opportunities that division directors can provide for fellow members.

To accomplish this, my leadership plan is to provide encouragement, respect, and open communication with my area directors and clubs and be receptive to new ideas and opportunities to grow skills and learning for our members. I truly believe that Toastmasters is a safe and supportive learning environment whereby doing and watching others, you learn from people of all walks of life to achieve continuous self-improvement while having fun doing so.

I hope I earn your support in this honorable endeavor.

I am Lorenzo Narvaez, and I am running for Division B Director in District 25.
